The one-stop shop for gas components

No. 2 - December 2014

## Smart-Ex 01 Smartphone: Work efficiently in hazardous areas

Bring efficient work procedures into hazardous areas with an intrinsically safe smartphone. The Smart Ex 01 from ecom is now available at your nearest KC ProSupply center.

Approved for use in hazardous areas (Zone 1/21, Division 1), the intrinsically safe Smart-Ex 01 Smartphone from ecom helps simplify and streamline the way workers in hazardous industries operate and interact with each other, their remote experts and their back-end systems. Features include fast 4G/WiFi/Bluetooth data transmission and a rugged design suitable for rough working environments.

Contact KC ProSupply for pricing and further information on the Smart-Ex 01 and our other communication solutions for hazardous areas.

## KC ProSupply expands in the UK

As per November 28, 2014 UK-based Combined Gas Systems is part of the Kosan Crisplant Group. The company will join the KC Group's trading division KC ProSupply.

Combined Gas Systems is a highly experienced service organization and the acquisition will allow KC ProSupply to offer a more complete range of products and services to our customers in the UK.
